Uttarakhand, India

TECHNICAL SKILLS

Languages

- C++
- C
- Python

Core Concepts

- Data Structures & Algorithms
- Object-Oriented Programming
- Problem Solving

Tools & Technologies

- Git & GitHub
- VS Code
- STL (C++)
- Basics of HTML, CSS, JavaScript (Learning)

SOFT SKILLS

- Problem Solving
- Time Management
- Quick Learner
- Communication
- Teamwork
- Adaptability
- Leadership

LANGUAGES

- English
- Hindi

INTERESTS

- AI & ML
- Web Dev
- Reading
- Music
- Travel
- Personal Growth

“Motivated and detail-oriented B.Tech CSE student with a strong academic record and a passion for software development and problem solving. Proficient in C, C++, and Python with hands-on experience in building projects and solving DSA problems. Eager to learn, contribute, and grow in a dynamic team environment.”

EDUCATION

- B.Tech in Computer Science & Engineering**
Uttarakhand Institute of Technology, Uttarakhand 2025 – 2029
CGPA: 9.3/10 (Till 2nd Semester)
- Class XII (CBSE)**
The Doon Valley Public School, Deoband 2024
79.8%
- Class X (CBSE)**
The Doon Valley Public School, Deoband 2022
86.8%

PROJECTS

- Student Study Planner (C++)**
 - Developed a console-based study planner using C++.
 - Implemented features like task management, scheduling, reminders, and progress tracking.
 - Applied OOP principles and STL for efficient implementation.
- Expense Tracker (C++)**
 - Built a console-based expense tracker to manage daily income, expenses, and budget.
 - Features include add/edit/delete transactions, category-wise tracking, and summary reports.
 - Implemented file handling for data persistence.
- DSA Practice Repository**
 - Solved 150+ DSA problems on LeetCode across various topics.
 - Maintained a well-structured GitHub repository with clean and optimized solutions.
 - Topics include Arrays, Strings, Searching, STL, Two Pointers, Sliding Window, and more.
- Personal AI Assistant (In Progress)**
 - Building an AI-powered virtual assistant to help with daily tasks, reminders, and productivity.
 - Features include text-based interaction, task automation, and personalized assistance.
 - Tech Stack: Python, APIs, NLP (Learning)

ACHIEVEMENTS

- ✓ Maintained an excellent CGPA of 9.3 till 2nd semester.
- ✓ Consistently solving DSA problems and improving problem-solving skills.
- ✓ Actively building projects and contributing to personal growth.

COURSES & LEARNING

- Currently learning Full Stack Web Development
- Exploring Artificial Intelligence & Machine Learning
- Learning System Design & Development Best Practices

EXTRA-CURRICULAR

- Active participant in coding challenges and hackathons
- Passionate about Open Source
- Love to learn and explore new technologies
